

Name: Jack Wallace
Email: jackwallace519@gmail.com
Phone: 07740547223

Skills:

- Java
- Python
- JavaScript
- SQL
- Machine Learning
- Git
- AWS

Education:

BSc in Computer Science, XYZ University, 2019 - 2022

- Relevant coursework: Data Structures, Algorithms, Software Engineering, Machine Learning

Experience:

Software Developer at ABC Corp, 2022 - Present

- Developed and maintained web applications using Java, Spring Boot, and React.
- Led the migration of a legacy system to a cloud-based infrastructure (AWS).
- Collaborated with cross-functional teams to define software requirements and ensure timely delivery.
- Implemented machine learning algorithms for data analysis and prediction.
- Wrote unit tests and ensured code quality with code reviews.

Intern Software Developer at Tech Solutions Ltd., Summer 2021

- Assisted in developing a customer relationship management (CRM) application using Python and Django.
- Optimized database queries to improve application performance by 20%.
- Participated in daily stand-up meetings and sprint planning as part of an Agile team.
- Conducted thorough testing and debugging to ensure the application was free of critical bugs.

Certifications:

- AWS Certified Solutions Architect – Associate, 2023
- Java Programming Certificate, Coursera, 2022

Projects:

- Personal Portfolio Website: Developed a personal portfolio website using HTML, CSS, and JavaScript to showcase software development projects.
- Machine Learning Project: Built a machine learning model to predict housing prices using Python and scikit-learn.
